## ASSESSING YOUR APPLICATION

Your project will be assessed based on the information you provide in your application form, and must be submitted before the closing deadline of 6pm on Wednesday 7 October 2020.

Your application will first be checked against the DSCG eligibility criteria. If eligible, an Invest NI Assessment Panel will then evaluate your application against the following assessment criteria.

Assessment Criteria	Maximum Score
1. Proposed impact the project will have on future sales (in Northern Ireland and in external markets) and the viability of the business.	40
2. Track record of the business and demonstrating the ability to deliver the project successfully.	40
3. Quality of the proposal and information provided.	20

It is important you consider the assessment criteria and ensure your application clearly articulates how you plan to deliver the project and include relevant achievable outcomes and outputs to gain the highest possible score.

### Assessment process

Applications will be assessed and ranked in order of the highest to lowest score.

To be approved for funding, your application must achieve a minimum score of 60. Where two or more applications have the same score:

- the higher score in Criteria 1 will be given priority;
- if scores are still equal, the higher score in Criteria 2 will be given priority; and
- if scores are still equal, the higher score in Criteria 3 will be given priority.

Funding will be awarded to applicants that have achieved the minimum score of 60 until the available £1 million budget is fully allocated, ranked in order of the highest to lowest score.

A maximum grant of £20,000 to support 50% of eligible costs is available for projects with a minimum eligible expenditure of £10,000.

### Notification of funding decision

A final decision may take up to three weeks from the closing date of 6pm on Wednesday 7 October 2020.

Please do not start the project, incur cost or pay deposits until you receive written confirmation of funding from Invest NI. If you incur costs because you have signed contracts, given permission to start work, raised invoices or made payments **before** funding is approved, these costs cannot be claimed for and could prevent you from accessing any of the funding awarded.

Once an application is approved, applicants will be informed via email that their application has been successful. If your application is approved, you will be asked for further details for proof of identity and accounts information to allow Invest NI to issue your funding offer.

Unsuccessful applicants will also be informed via email.

### Appeals procedure

The Invest NI Assessment Panel will determine at its sole discretion:

- Whether sufficient information has been provided to assess an application.
- The score awarded against each assessment criteria.
- Whether an application has been successful.
- The amount and terms of funding awarded.

As this is a competitive call for applications, additional supporting information cannot be accepted after the closing date of 6pm on Wednesday 7 October 2020.
